

Food Systems Innovations

A Participatory
Workshop

Facilitated
by

Victoria LeBeaux, Ph.D.

Presented at the 37th Annual
Appalachian Studies Association Conference
March 29, 2014

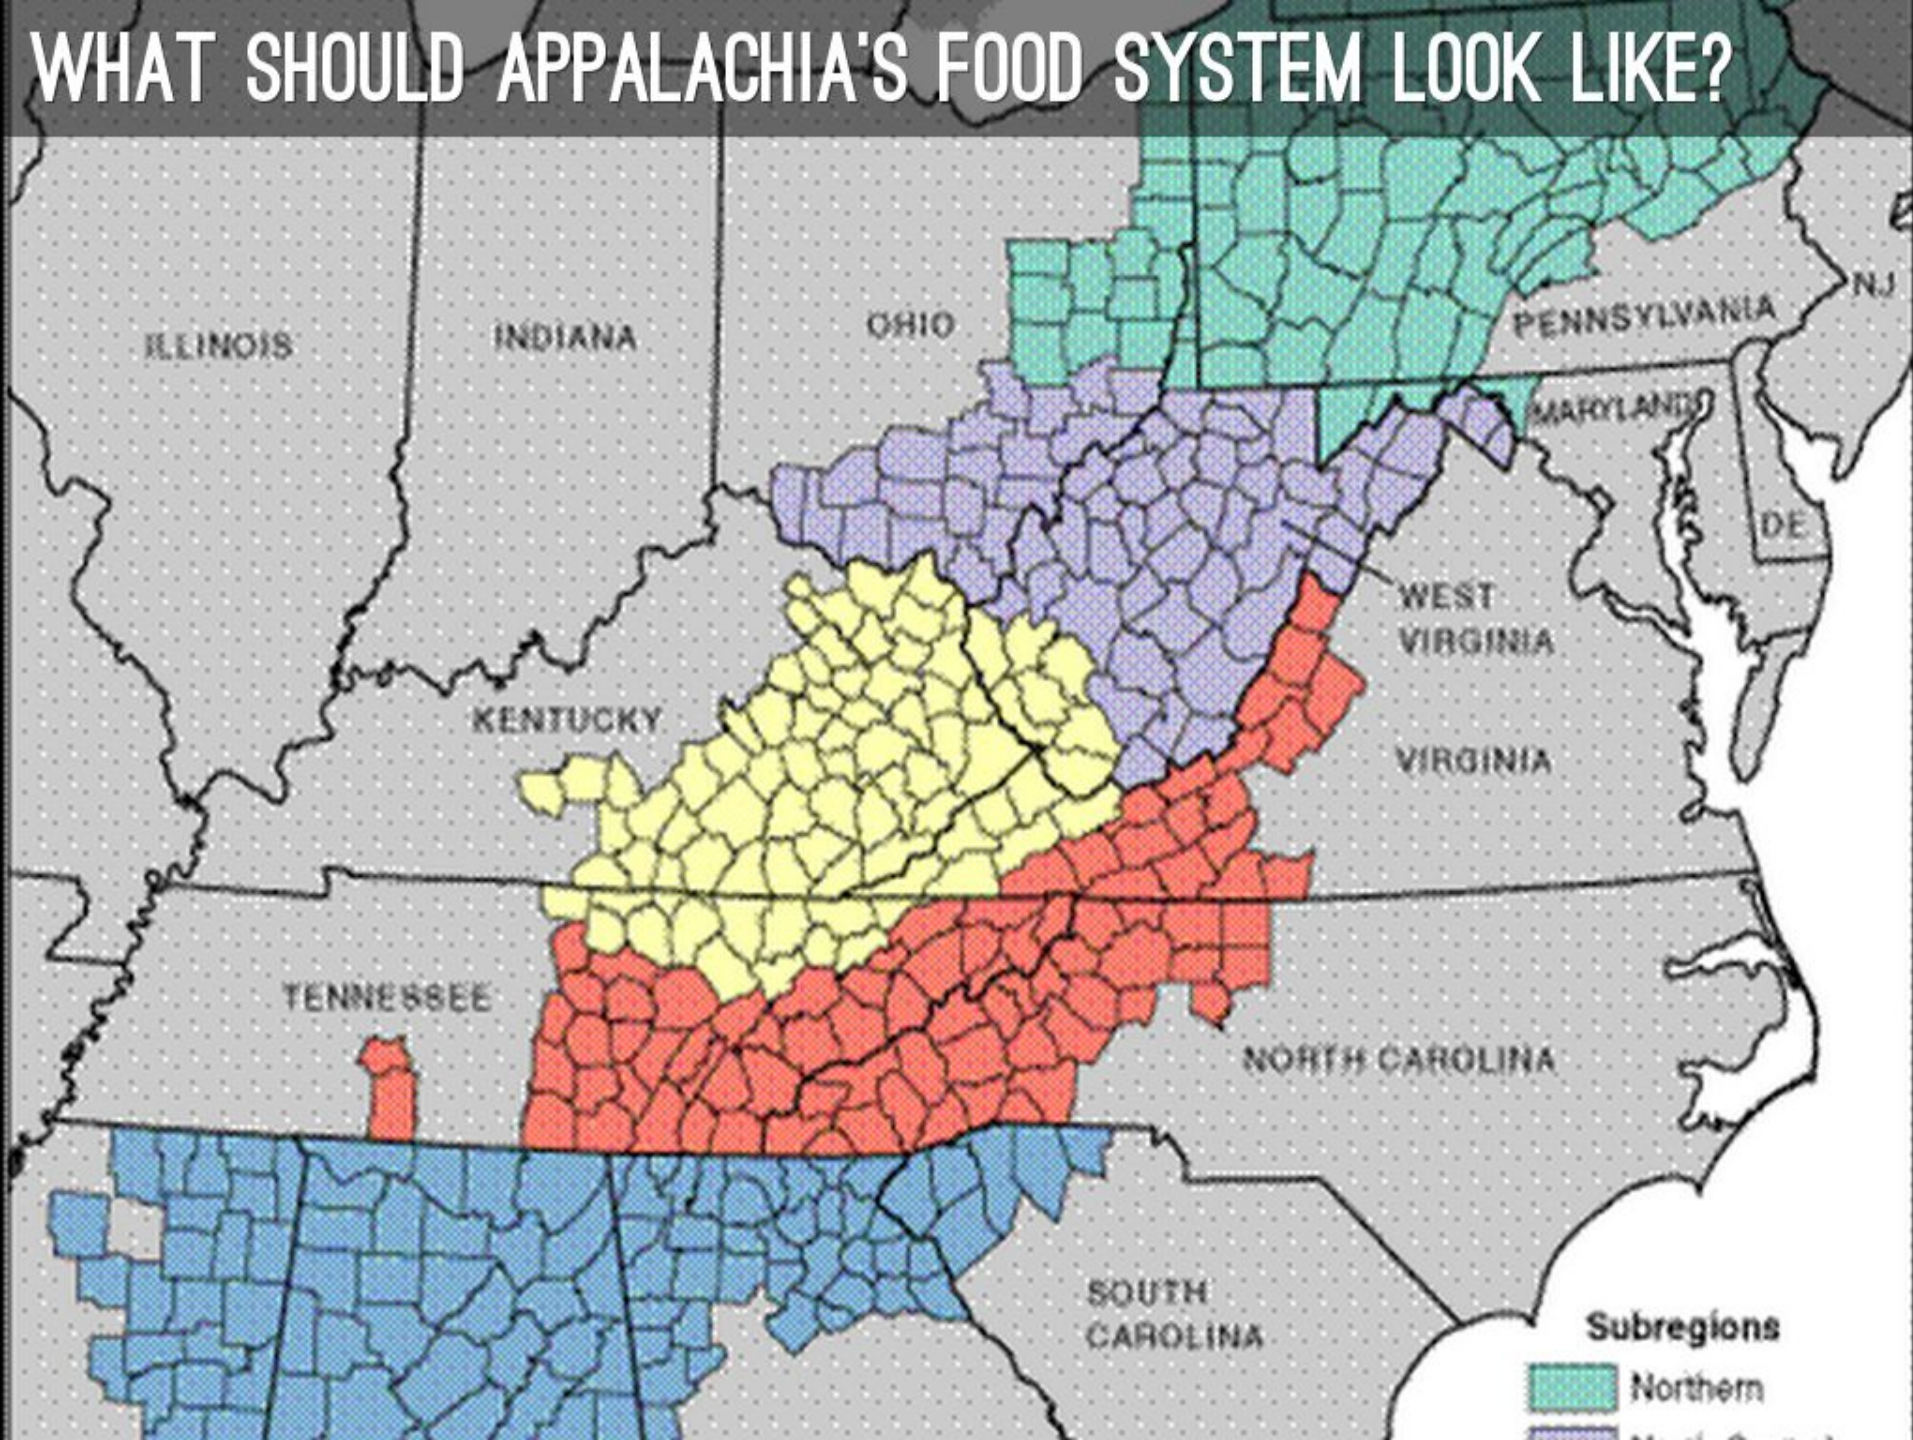

Outline

- **Introductions**
- **Appalachia's Future Food System**
 - **Food Systems Innovations**
- **Moving Forward Using Appalachia's Assets**

Introductions

- Name
- Affiliation
- Specific Food Systems Project
 - Favorite Appalachian Food

List words or
phrases that
describe a
healthy
Appalachian
Food System

HOW DO WE GET THERE?

Student-Powered Hunger Relief

The **Campus Kitchens Project (CKP)** is a national leader in community service for students and is the future of hunger relief. CKP is empowering the next generation of leaders to implement innovative models for combating hunger, developing food systems and helping communities help themselves.

We partner with high schools, colleges and universities to share on-campus kitchen space, recover food from cafeterias and engage students as volunteers who prepare and deliver meals to the community.

Time Banking

Did you see the ABC News report on TimeBanking? It broke our website! Click here to check it out.

What is Timebanking?

Learn how Timebanks are changing the world, one community at a time. Get the facts.

Get Started

Become a member today. Join a local Timebank. None nearby your community? Start a new Timebank.

Get Connected

Find out what's happening with other Timebanks around the world. Learn, mentor, grow together. Reach out.

Go Deeper

An advanced look at the Timebanking movement, including resources and philosophy behind it. Dive in.

*We Need Each Other.
Joining untapped Capacity to unmet Needs.*

Members celebrating 2nd Birthday of the Louisville TimeBank

About Timebanks USA

TimeBanks USA was formed in 1995 to promote TimeBanking. Our mission is to nurture and expand a TimeBanking movement that promotes equality and builds caring community economies through inclusive exchanges of time and talents. Read more...

Banking

Additional Information

WHAT NOW?

HOW DO WE MOVE FORWARD?

Example: *Let's say we have decided we want to launch a Mobile Grocery Store*

Step 1: We do our Research

- National Mobile Market

<http://nationalmobilemarket.org>

- Healthy Food Access Portal

<http://www.healthyfoodaccess.org/library/browse/mobile-markets-applying-food-truck-model-food-access>

This might lead us to identify questions we need to ask/problems we need to solve before moving forward

Example: Mobile Markets

Questions:

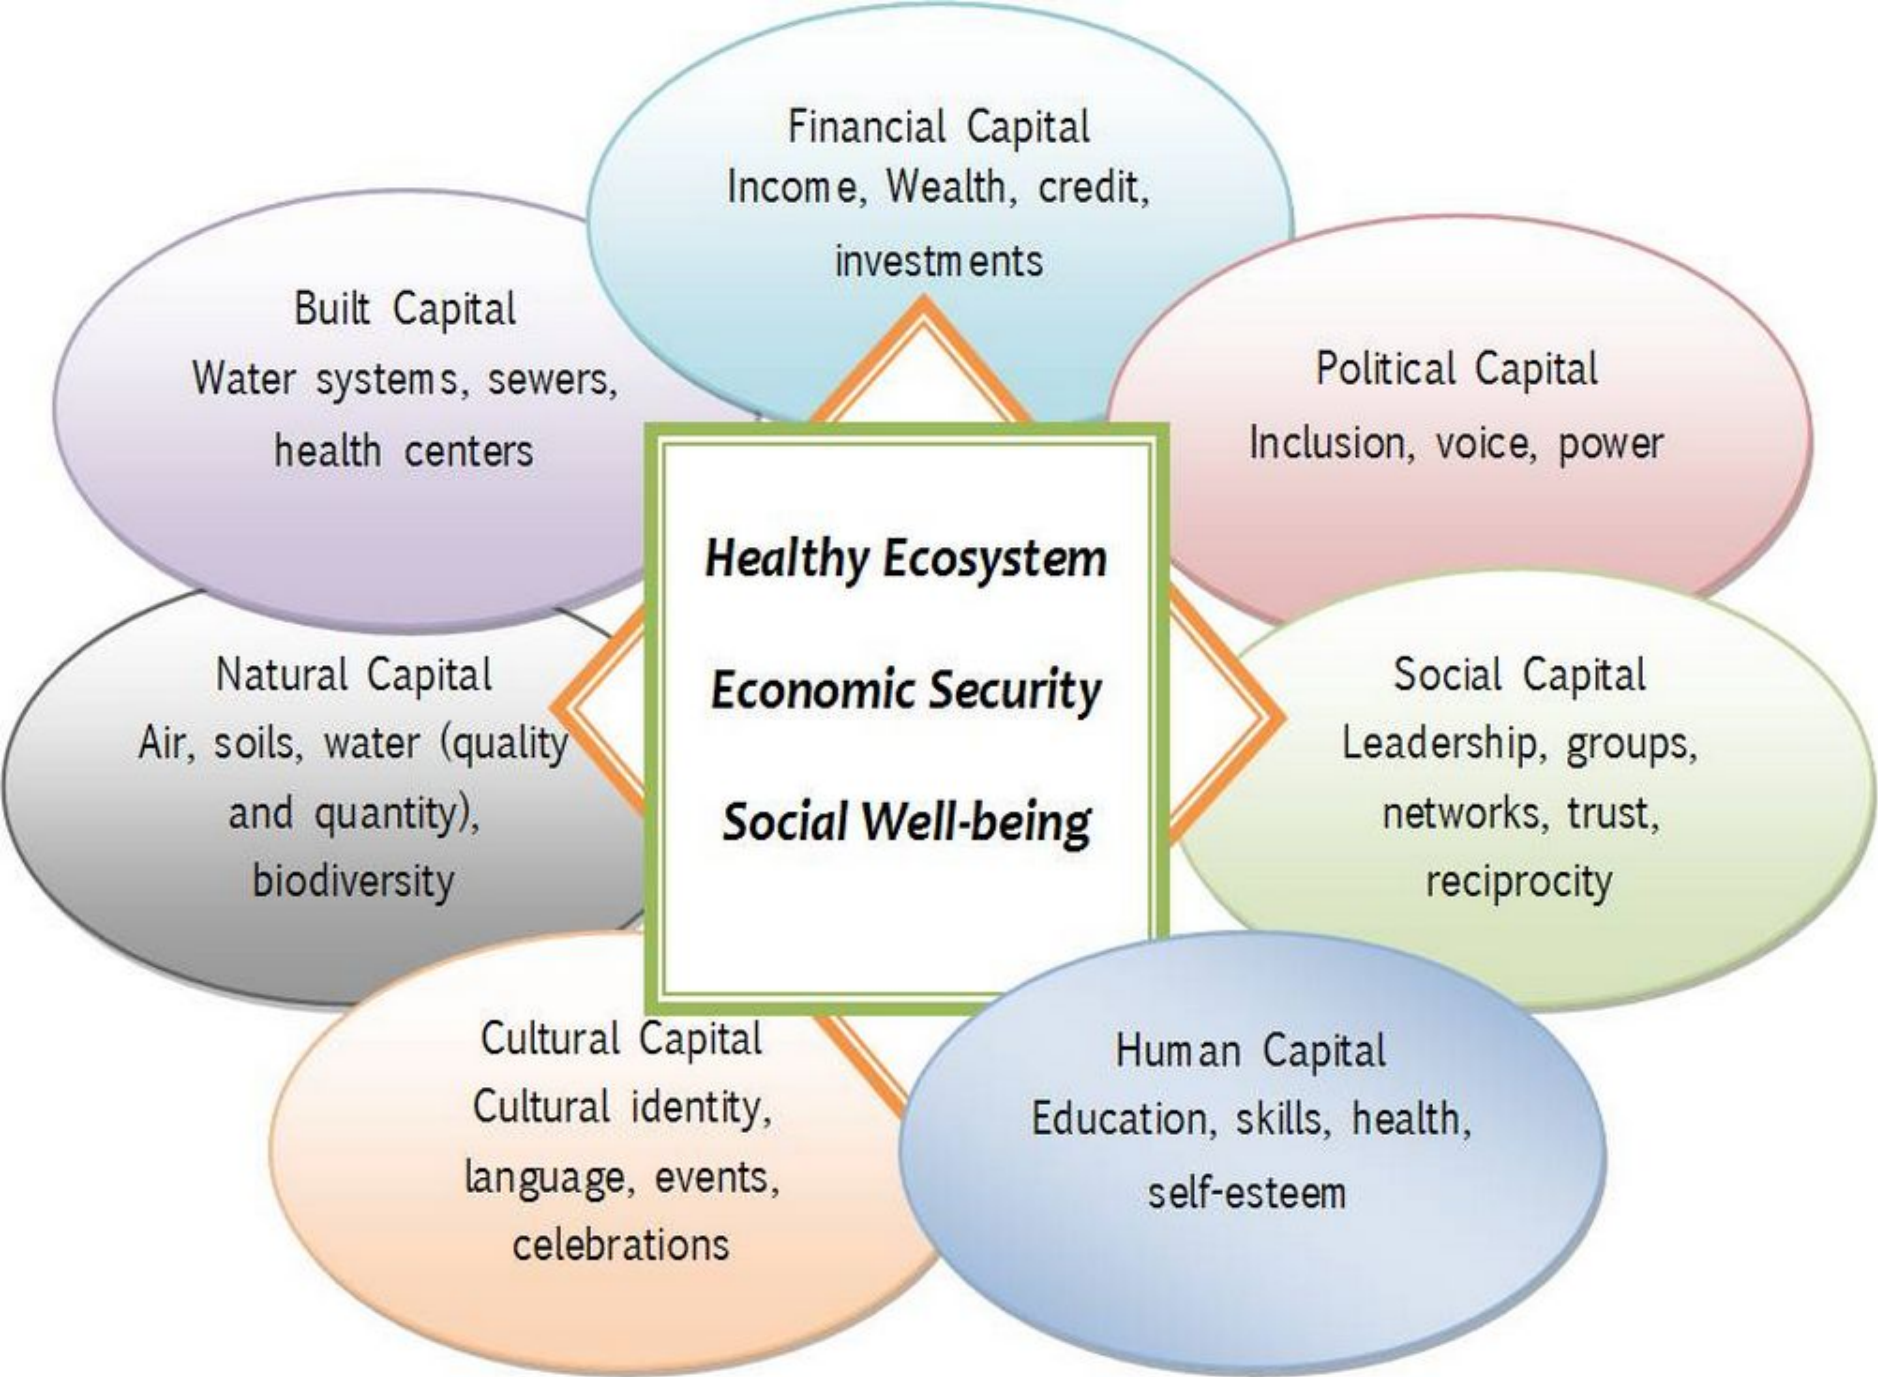

- How much would a mobile grocery store cost to establish and operate?
- Where would we get funding for such an operation?
- Where would we get the products to stock in the mobile grocery store?
- Where would we store produce and perishable goods overnight?

Intimidating Discouraging
